The Equality Act (2010) - Reasonable adjustments – Care Plan

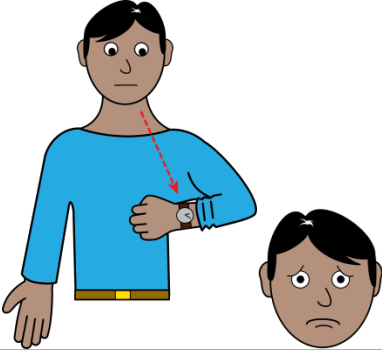

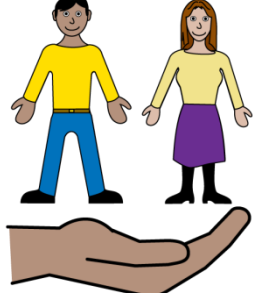

A reasonable adjustment is a small change that can be made.

This change will make it easier for you to attend your annual health check.

The table below has some examples of reasonable adjustments that can be made.

You can ask for these reasonable adjustments to be available for you at your annual health check.

Reasonable Adjustment	How you can help me	Yes ✓	No ✗	Comments
	I need easy read documents.			
	I need information in Braille			
	I need information in large print.			
	I need information in another language – if so what language?			
	I use a wheelchair and will need a hoist if I need a physical examination. I may need a home visit instead.			

	<p>I find it difficult to wait in the doctors for my appointment, as it may make me anxious. I may need to wait outside until you are ready to see me.</p>			
	<p>I get very nervous at appointments and need my carer to help me understand what is happening.</p>			
	<p>I may need to visit the surgery before my appointment to feel comfortable in the environment.</p>			
	<p>I need a longer appointment.</p>			
	<p>I need time to process information and answer questions.</p>			
	<p>Bright lights or loud noises may affect me.</p>			
	<p>My carer will support you to understand my needs.</p>			
<p>Other reasonable adjustments?</p>	<p>If there are other changes that can be made, ask someone to help you write them down in this box.</p>
